# CATCH22

For over 200 years Catch22 has designed and delivered services that build resilience and aspiration in people and communities.

Our approach is based on the 3Ps. We believe people can thrive when they have:

## Catch22 delivers offender management, resettlement and gangs work in prisons and in the community.

Whilst our range of services is vast, they are all centered on supporting helping vulnerable people in complex situations get their back on track through offering holistic support which do more than simply hit targets.

We are driven by the belief that relationships are crucial to effective desistance from crime.

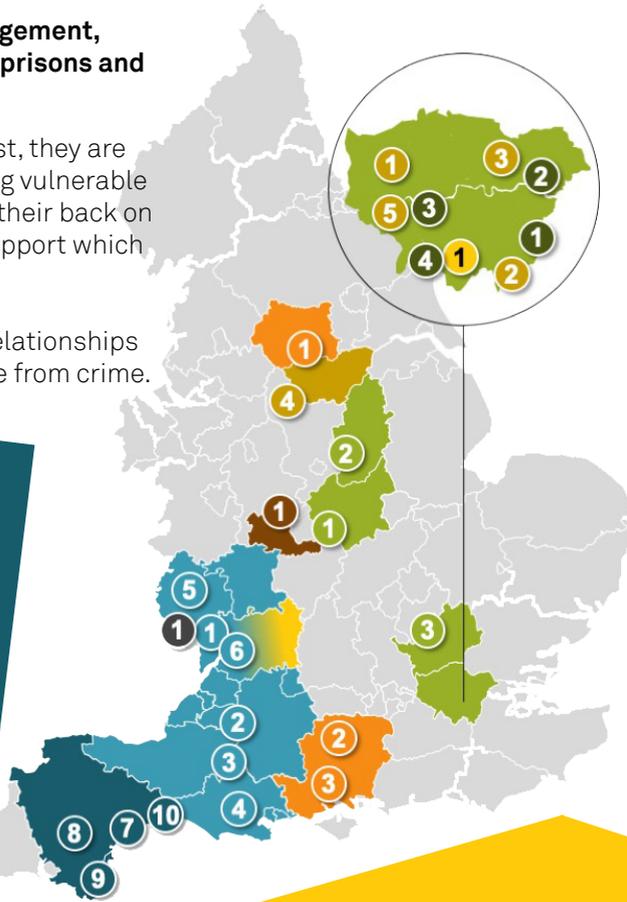

**WE OPERATE 26 SERVICES. 21 SERVICES BASED IN 18 PRISONS AND 6 OTHER COMMUNITY BASED SERVICES**

# OFFENDER MANAGEMENT

Catch22 operates the only Offender Management Unit (OMU) in the UK delivered by a third sector organisation. By collaborating with our wider Catch22 services and our partner agencies, we can facilitate a smooth transition from custody to community.

**Our service is focussed on identifying prisoners' criminogenic needs and addressing the root causes of all offending.**

Catch22 is experienced in measuring and evaluating the risk posed by high risk, lifers and indeterminate sentenced prisoners. The team addresses immediate risks once someone enters custody, including mental health and substance misuse, as well as long-term issues such as gang affiliation.

Our dedicated staff focus on relationships with an end-to-end case management approach, supporting prisoners to engage in purposeful activity that reduces recidivism.

In the lead up to release, Catch22 monitors the progress and behaviour of participants, facilitating individual and group work which supports resettlement and desistance.

While working in a culture of continuous improvement, the team consistently meets targets and shares best practice with prisons across the UK.

Catch22's full offender management service at HMP Thameside; a busy inner city, category B local resettlement prison, located in South-East London & operated by Serco.

# THROUGH THE GATE

We support people into pro-social sustainable lifestyles. To achieve this we identify and address the wider range of resettlement and Criminogenic needs - which often includes supporting people into employment.

In the last year, our Through the Gate service worked with:

Our **peer-mentors** are volunteers currently serving their sentence and offer a unique perspective while supporting prisoners' rehabilitation.

Our **evidence-based approach** involves collaboration with housing and employment partners and brings in the support of family members.

Our **robust resettlement plans** include practical and tangible enhancements for the following pathways:

- Accommodation
- Education, training and employment
- Finance, benefits and debt
- Physical and mental health
- Substance misuse
- Relationships and families
- Attitudes, thinking and behaviour
- Victims of domestic violence
- Victims of sexual assault
- Support for sex workers
- Support for care leavers
- Support for ex-military
- Support for foreign nationals

*The arrival of Catch22 has not only put HMP Channings Wood firmly on the map as a resettlement prison, but more importantly now enables people with convictions to access a broad range of dedicated and well-coordinated resettlement interventions – all of which promote a seamless and successful reintegration back into the community on release.*

# GANGS AND VIOLENCE REDUCTION SERVICES

The Catch22 Gangs and Violence Reduction Custodial Service works within the prison to promote an understanding of community issues and how these issues may impact a custodial setting. We support prison management by reducing the risk posed by gang-involved prisoners, so that violent incidents are prevented.

Catch22 Gang services are based in **4** prisons

We run **2** community based services

working with **7,708** service users

Our **Gang Practitioners** design targeted interventions and deliver adapted Through the Gate services for those wishing to exit gang lifestyles.

By offering alternatives to the supposed security and status offered by gang involvement, our strategy is more effective than the suppression-only approach used in many prisons.

**18%** improvement in pro-criminal attitudes towards knife possession

**13%** reduction in those reporting to engage in gang activity post intervention

**15%** positive attitudinal shifts towards their perceived ability to leave a gang.

## WOLVERHAMPTON VIOLENCE REDUCTION TEAM

We use an end to end approach working with individuals, families, schools, custodial estates and communities to reduce gang involvement and its effect on local areas. Our work targets and builds on service users' strengths to prevent them from becoming involved in gangs, and provides a range of interventions for gang-involved young people to support them to exit. We use a variety of methods to deter young people from engaging in, or continuing negative behaviours associated with gang activity by providing support to maintain or re-enter education, training or employment.

# YOUTH JUSTICE

Through the network of Catch22 services, we are in a unique position to address all a young person's needs. Our work supports those who have gone missing or are victims of exploitation; we deliver high-level family support, run alternative education provision, and support vulnerable people into employment.

**I left school without any GCSE's and with very little confidence. I now have qualifications as well as paid employment. I am determined to repay the faith the project has shown in me.**

*Suffolk Positive futures, service user*

From prevention and crime diversion through to intensive supervision and reparation, our services cover the spectrum of youth justice services.

## Some examples of our current youth justice work:

### BRISTOL AND SUFFOLK: REPARATION

Working with local authorities and partner agencies, we identify suitable reparation projects, including charity shop work, supporting food banks and cleaning graffiti. Community reparation encourages young people to reintegrate and take pride in their local community, while making amends for their crime and developing skills.

### SUFFOLK POSITIVE FUTURES

Our Suffolk Positive Futures services use sport, physical activities, arts and education to engage vulnerable young people, connect them to their community and prevent them from entering the criminal justice system.

### TACKLING CHILD EXPLOITATION ACROSS MERSEYSIDE

Catch22 pan Merseyside Child Sexual Exploitation Service (CSE) has supported victims of child criminal exploitation (CCE) since 2017. They were the first integrated child exploitation service in the country, providing one-to-one support to victims, and training over 1600 professionals in spotting the signs of both CSE and CCE.

## VICTIM SERVICES

**Catch22 provides support to adults, children and young people who have been impacted by crime and anti-social behaviour.**

Catch22's victim services are free, independent and confidential, and available to victims and witnesses regardless of whether the crime has been reported.

More information can be found in our Victim Services brochure.
