FIND YOUR
FUTURE

About Catch22 College

Find your future

If you are reading this then it's probably because you are starting to think about what you are going to do when you leave school. Or perhaps because you have already left and are thinking about what to do next. If, like thousands of others, you're not sure that a large, traditional college is for you, then we might be just what you are looking for.

We specialise in offering learning and training opportunities for students who, for whatever reason, don't want to stay in a traditional academic environment. We provide our students with a different option – the opportunity to carry on their learning in a smaller, highly supportive environment where the focus is on providing learning and training options to help you gain the skills, qualifications and experiences you need to achieve your goals in life.

We work with you to design a programme that fits with your interests and ambitions. As well as helping you to build your skills in English and maths, you can gain recognised

qualifications in work-focused subjects, in work experience and take part in other activities that will help you to build your confidence so that you are ready to enter the world of work.

Unlike lots of other colleges, you can join us at any point during the year once you've left secondary education. So take a look through our prospectus and see what we offer.

Who we are

Catch22 is a national charity. We exist because we believe that everybody in life needs three basic things to be able to get on in life and to achieve their potential:

People: We believe that everybody needs good people around them who are there to provide support and encouragement to achieve their aims in life. Our college sites are run by teachers and tutors who are passionate about providing this support and encouragement to our students. Not only are achieving good grades important to us, but also how you develop as a person.

Place: We believe that everybody needs a safe place where they can properly focus on making changes to their lives. Our college sites are welcoming, warm and smaller than most other colleges, which means that you get more support and can feel more at ease in your learning environment.

Purpose: We believe that everybody needs a clear sense of where they want to go, and help to get there. We help our students to find this sense of purpose. We develop clear, realistic plans for how our students can achieve their immediate goals. We also go a step further by helping students think about their next steps after college.

Life at the Catch22 College

What you need to know

What could I study?

If you join us, we will work with you to design a tailored learning programme which is matched to your interests and goals for the future.

Our students can pick from a range of learning options from five key areas:

1. FUNCTIONAL SKILLS
(Maths and English)

2. VOCATIONAL QUALIFICATIONS
(Work focused)

3. LIFE SKILLS

4. WORK EXPERIENCE

5. PROGRESSION

We work with you to tailor your learning from the four core areas to make up your learning programme and to create a timetable that suits you.

More information on each of the Catch22 Colleges and the options available in each of the five areas can be found in Sections 2 and 3.

How long will my course be and how often will I attend?

We tailor our learning programmes to meet the individual needs and goals of our students. This means the amount of time you spend with us will depend on you and the programme we develop with you.

How big is the college?

Our average class size is around 12 students and we usually have around 30 to 40 students enrolled with us at any one time. We want our students to feel comfortable and fully supported in their studies, and so we keep our numbers lower than most other colleges.

What is the life skills part about?

We want to help our students find their future – we want to help you work out what you want in life, and then to set you on a path to achieving it. This means more than just getting you some qualifications, it's also about helping you to build your confidence and to realise that you have the power to achieve your goals.

We do this by providing you with access to a range of additional activities and support that will help you in your future. For instance, you could take part in community projects with fellow students to help you practice your skills in team-working and managing projects, or in extra learning sessions to help you get better at managing your money, or how to apply and get that perfect job.

Our dedicated Recruitment and Progression Officer will support you during your programme to ensure you stay on track with your learning and help you to access work experience and progression opportunities.

Will it cost me anything?

Our programme is completely free, so it won't cost you or your family a penny. In fact, some students are eligible for bursary payments that can help support your studies.

How do I get on to the programme?

Take a look through the rest of this prospectus to find out more about what we offer in your area. If you think we can help you find your future, then get in touch today to get started. To do this you can either visit www.catch-22.org.uk/Catch22College, or you can call our team in your area by phoning the contact number on the next page.

What we can offer you

Catch22 College Peterlee is a bespoke Skills Training Centre with a unique and individualised approach. We cater for individual needs including students with an Education, Health and Care Plan and learners experiencing personal issues. Every young person is given an opportunity and a change to learn new skills, get some qualifications and gain new experiences.

Our young people are supported to gain the skills required to progress into traineeships, apprenticeships, employment or into further education. We also aim to source and support you into a work placement in a vocational area of your choice to give you a real taster of different career paths that may interest you.

Your programme will be individually tailored to you and we have a highly skilled staff team that will be there to support you during your time with us. We pride ourselves on listening and responding to our students' needs and are always looking for ways to help you succeed. As well as the courses outlined in Section 3, we also offer:

- Healthy cooking, sexual health and drug and alcohol workshops
- Managing personal finances
- Information Advice and Guidance.
- Trips and visits
- Group social activities

“At Catch22 College Peterlee we cater for all, everyone is welcome. We offer a wide range of level 1 and 2 Vocational qualifications, work placements and tasters based on the local labour market needs. All of our qualifications are delivered to meet your individual needs within a small college setting at the heart of the town centre.”

LOUISE HICKLEY - Centre Manager

Why we are different?

At Catch22 College: Peterlee we understand that a large college environment isn't for everyone, and we know that many young people leave school today disappointed with their results or wishing they could have achieved more. We have zero entry requirements to get on to our courses allowing you to take the first steps towards whichever future you are aiming for. We have a long history of supporting young people regardless of their backgrounds, needs or abilities. If you are wondering if we could help you then the answer is yes!

Get in touch!

Construction

Summary

If you are interested in a career in construction, as an electrician, plumber, bricklayer or engineer then we can offer you the perfect starting place.

We can offer you the opportunity to gain and learn new practical skills across a range of construction areas, such as:

- Bricklaying
- Carpentry and joinery
- Plumbing
- Electrical installation
- Plastering

Our courses will also give you the opportunity to use real-life examples related to the trade and to further build on your English and math's skills, as well as giving you more general skills for future employment, such as team-working and project management.

Related Careers and future opportunities

This is the perfect starting point for anybody interested in a career in the building and construction industry. All through your course, we will support you to think about your next steps, be that gaining some work experience, or getting on to an apprenticeship to help you get started in your new career.

Qualifications available

Health & Social Care

Summary

Are you considering a career in Health and Social Care or a Childcare setting?

This course will enable you to:

- Understand the Role of a Social Worker
- Equality & inclusion
- Health and Safety Requirements
- Safeguarding
- Duty of Care
- How to communicate effectively in this a care setting

As well as learning the course content, you will have the opportunity to develop a range of more general skills that employers look for, such as team working, managing your working day, and staying healthy and well at work.

Related Careers and future opportunities

Learners who achieve this qualification could progress to a career within the health & social care setting. We will be here to help you to think about your next steps and possible career pathways. We will support you into work experience, a traineeship or an apprenticeship placement in an area of your choice to give you the chance to further develop your skills and progress in your career.

Qualifications available

Customer Services

Summary

Customer Service is important in many industries and how you communicate, and behavior impacts on the service provided, Customer service roles include:

- Customer Service Employee
- Retail/ Leisure Centers
- Hairdressing
- Hospitality
- Self -Employed

Our Customer Service course will help you to gain an understanding of the Industry and develop all the skills you need to progress into employment, Apprenticeship or further education, this course covers a wide range of units, including:

- Effective Communication Skills
- Effectively deal with customer queries
- Different types of Communication methods
- Handling telephone calls

It will also teach you the essentials in working as part of a team and project management- skills that will be valued by any employer.

Related Careers and future opportunities

Qualifications available

English & Maths

Summary

We want all of our students to feel completely confident in their reading, writing and in their ability to work with numbers. That is why we support our students to work towards a qualification in English or maths, or to further improve on the qualifications they already have.

This isn't just because improving your skills in English and maths will help you to get a job, it's also because it will impact every part of your life.

For example, improving your skills in maths will make it easier for you to manage your money, helping you to make sure you're always getting the best deal on that next big purchase, or that you're charging the right amount for that next big job. Improving your skills in English will make it easier for you to follow your interests in the media, and to manage your life admin.

Options

Functional Skills – Entry Level up to Level 2

If you got below a Grade 3 in your GCSEs for maths or English then we'll help you to build on your existing skills and to gain functional skills qualifications. Depending on your past grades and your level of confidence in these subjects, we can help you achieve Entry Level 1 right up to Level 2, which is equivalent to achieving a grade of between 4 and 9 at GCSE (C to A*) and useful to you in your everyday life.

+ If you are not confident in your English and/or maths skills.

GCSE Re-sits

If you already have a GCSE Grade 3 (D) in GCSE maths or English, then we can also offer you the opportunity to have another go and to improve your grade whilst you are with us.

Related Careers

A good level of skills and confidence in English and maths is really important for almost every career, and is the first thing any future employer will want to know about, that's why we make it a key part of every student's learning programme.

Employability Skills

Summary

This course will support you in:

What people say about us...

catch
22

ELECTIVELY HOME EDUCATED LEARNER: I am really enjoying my time at college and feels that the vocational choice I have made is the right one. I am confident that what I am doing will allow me to progress into a mainstream college next year.

VOCATIONAL STUDIES STUDENT: I know that the staff within the site have a duty of care to keep me safe. I know that this does not only apply to the physical environment but also my personal safety. In the induction programme safeguarding was included well as looking at online safety, financial safety- fraud and knowing who I can speak to if there is an issue and what would happen if I were to make a disclosure.

CONSTRUCTION STUDENT: I am happy at college and I feel that my move here from another College was a good one. I feel safe here and supported and I know that there are people around to support me

CONSTRUCTION STUDENT: I am continuing to enjoy myself at college. I do feel that I am learning and will achieve all of my qualifications. I get on well with all of the staff and have some good friends here.
